

## Transferring via USB on Kindle Devices

Follow prior steps normally. If you need more assistance, click on the Kindle or Kindle Fire Guides.

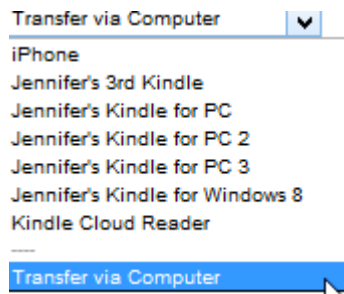

1. Click on Download, will direct you to Amazon page

2. In the top-right of the page, click on “Get Library Book”

3. Select Transfer Via Computer

4. On the “Deliver To” option, select the device the book will be going to and press Continue.

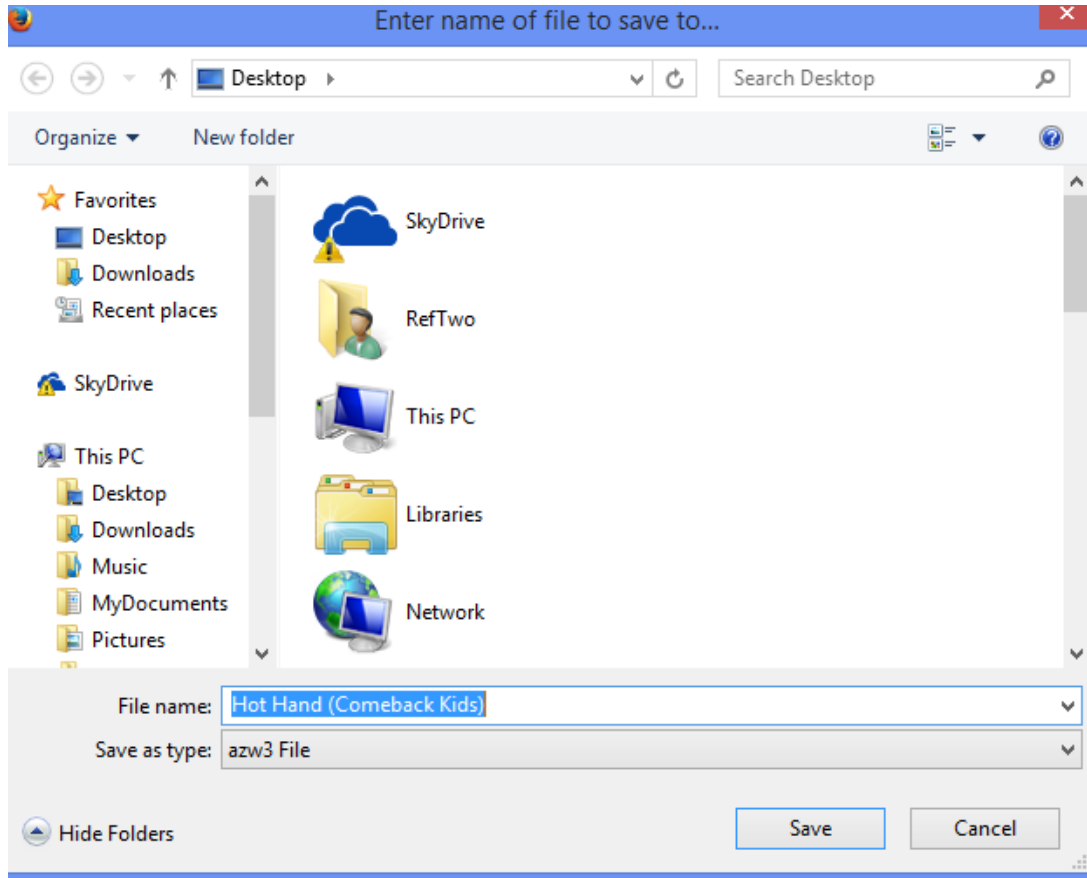

**Deliver to:** Jennifer's 3rd Kindle

5. A Save Box will then open. Select “Save File”

6. Save the file wherever you would like (Desktop, MyDocuments) as long as you can locate it.

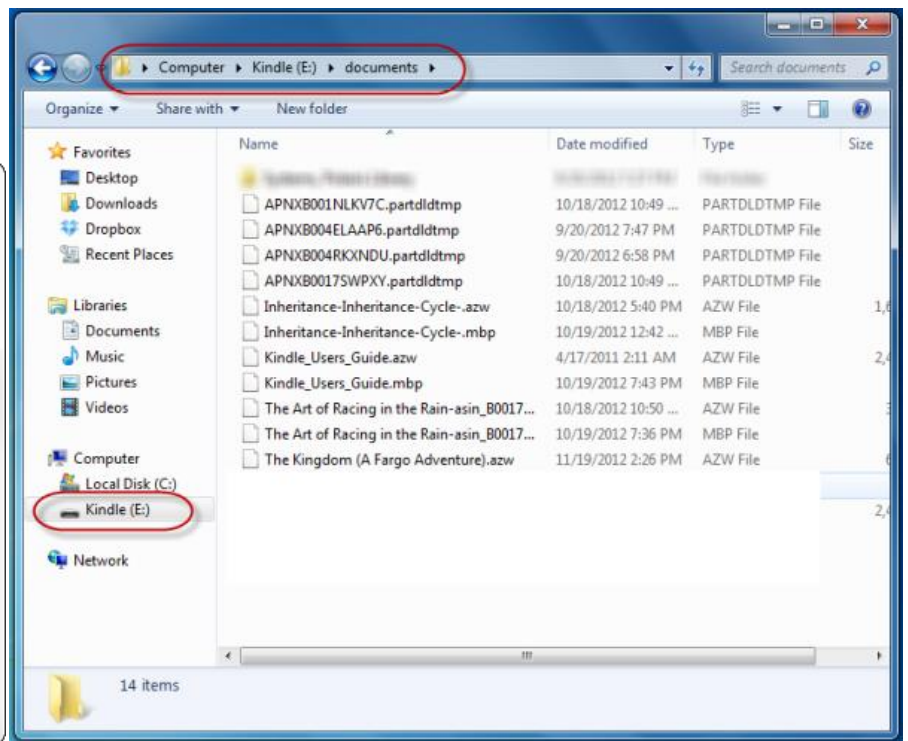

7. Locate the file on your computer (this is on the Desktop)

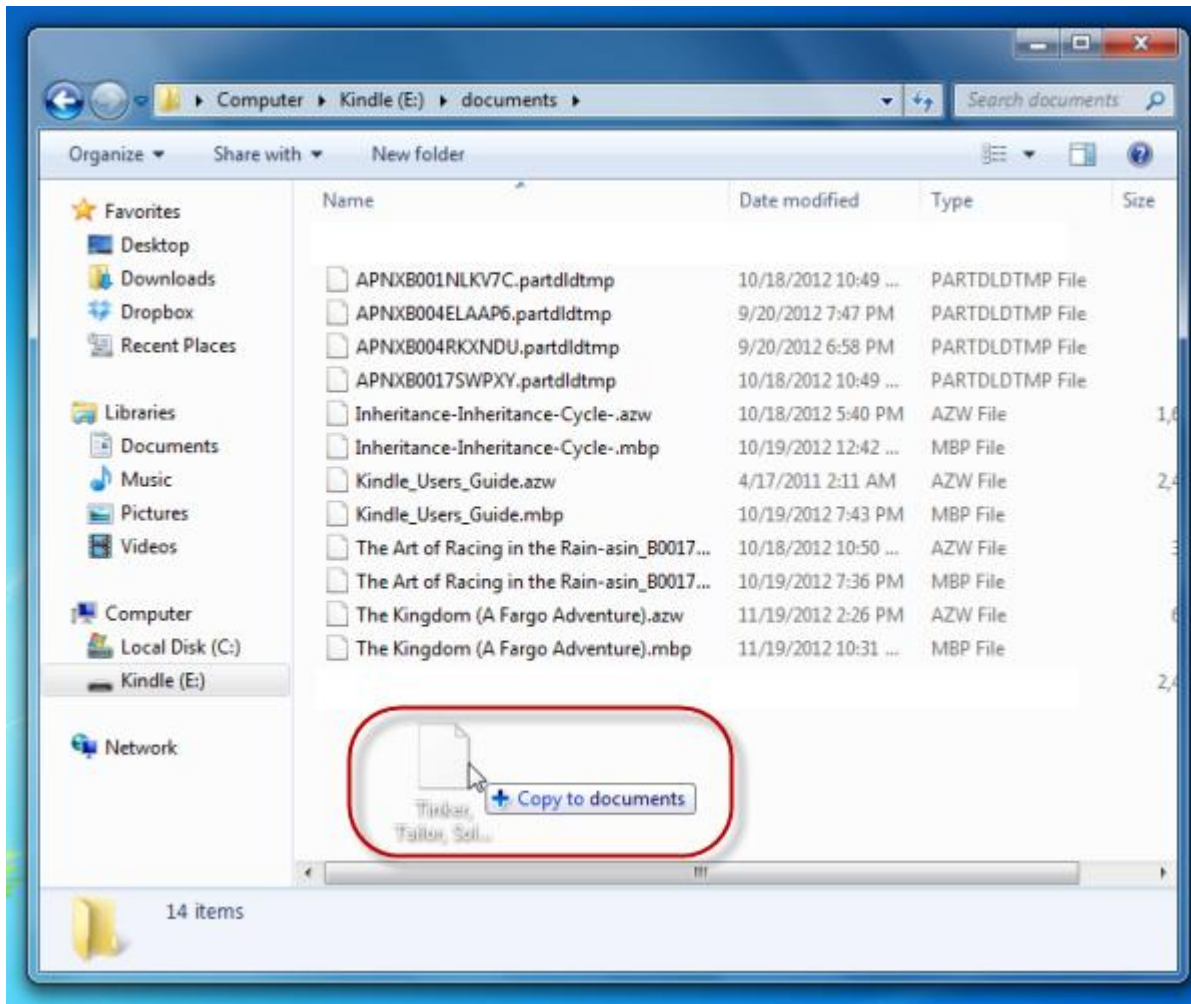

8. Attach Your Kindle. The Screen Below Should Appear

- a. Open the Folder
- b. Open the documents folder

9. Click and drag the file from its location to the Kindle documents folder
